**WARRANT
TOWN OF CARROLL
MARCH 13, 1990**

To the Inhabitants of the Town of Carroll, in the County of Coos and the State of New Hampshire, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall, Twin Mountain in said Town of Carroll, on Tuesday the 13th day of March next at 7:30 P.M. to act on the following subjects. The Polls will be open for voting for Town Officers and all other matters on the official ballot at 10:00 o'clock in the forenoon and shall not close before 6:00 o'clock in the afternoon.

Article 1✓ Elect the necessary Town Officers.

Article 2✓
 Shall we adopt the provisions of RSA 72:28, V and VI for an optional veteran's exemption and an expanded qualifying war service for veterans seeking the exemption? The optional veteran's exemption is \$100.00 rather than \$50.00.

Article 3✓
 Shall we adopt the provisions of RSA 72:35, IV for an optional property tax exemption on residential for a service-connected total disability. The optional disability exemption is \$1,400 rather than \$700.

Article 4✓
 To see if the Town will vote to raise and appropriate the sum of Five Hundred Thirty Seven Thousand Two Hundred Twenty Four Dollars (\$537,224.00) as recommended by the Carroll Budget Committee for the support of the Town and to apply the sum of Fifty Thousand Dollars (\$50,000.00) from the Surplus to reduce the amount to be raised by taxes.

Article 5✓

To see if the Town will vote to authorize the Selectmen and Treasurer to borrow money in anticipation of the collection of taxes, and to issue in the name and on behalf of the Town, negotiable notes therefore.

Article 6✓

To see if the Town will vote to authorize the Selectmen to administer and dispose of any real estate acquired by Tax Collector's Deeds at public or private sale, as the Selectmen in their sole discretion deem equitable and just.

Article 7✓  To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend money from the State, Federal or another Governmental unit or a private source which becomes available during the year in accordance with procedures set forth in RSA 31:95-B.

Article 8✓  To see if the Town will vote to have the records of the Town audited by Municipal Accounting Division of the Department of Revenue Administration or by a private auditing firm as the Selectmen may deem appropriate.

Article 9✓ To see if the Town will vote to exempt from taxation for the year 1990, the air navigation facility known as the Twin Mountain Airport, providing such facility is available for public use without charge and the owner holds a certificate from the New Hampshire Aeronautics Commission that the facility is necessary for the maintenance of an effective airway system. The property to be exempt from taxation shall include the surfaces maintained and available for take off, landing, open air parking of any aircraft and any navigation or communication facility and any passenger terminal building available for public use without charge pursuant to RSA 72:38 as inserted by 1963 79:2.

Article 10✓  To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000) to be paid over to the Twin Mountain Chamber of Commerce. These funds are to be used for its program of advertising the Town of Carroll, and the operation of the Information Booth.

turn over such monies to the Center For New Beginnings to be used for their program that provides comprehensive treatment for victims of abuse who reside in the North Country.
(RECOMMENDED BY BUDGET COMMITTEE)

Article 13 ✓  To see if the Town will vote to raise and appropriate the sum of Three Hundred Dollars (\$300) and to turn such monies over to the Greater White Mountain Chapter of the American Red Cross for support of local American Red Cross services.
(RECOMMENDED BY BUDGET COMMITTEE)

Article 14 ✓  To see if the Town will vote to raise and appropriate the sum of Six Thousand Dollars (\$6,000) and to have the sum of Two Thousand Eight Hundred Six Dollars (\$2806) taken from the budgeted amount in Town Officers Expenses to offset the expense, for the purchase of a new copy machine for the Selectmen's Office if required. The existing copier to be disposed of at the discretion of the Board of Selectmen.
(RECOMMENDED BY BUDGET COMMITTEE)

Article 15 ✓ To see if the Town will vote to designate and proclaim April 22, 1990, as Earth Day 1990, and to set aside that day for public activities promoting preservation of the global environment and launching the "Decade of the Environment."
(ARTICLE BY PETITION)

Article 16 ✓  To see if the Town will vote to participate in the celebration of Earth Day 1990 on April 22, 1990, as designated by the U.S. Congress to promote preservation of our global environment. We recognize as a community that our concern for our environment should extend throughout the year. We resolve to initiate a voluntary Spring litter clean-up day along town roads; support tree planting, and encourage backyard composting of leaves and grass clippings. (ARTICLE BY PETITION)

Article 17 ✓ To see if the Town will vote to accept, when in conformity with Town standards, approved by road agent, town engineer,

town planning board and sealed, as a public street, the entire right-of-way, as shown on subdivision plan for Woodcrest Lane, Phase II, dated July 9, 1987. (ARTICLE BY PETITION)

**Independent Auditor's Report
on Financial Presentation**

To the Members of
the Board of Selectmen
Town of Carroll
Carroll, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Carroll and the combining and individual fund financial statements of the Town as of and for the year ended December 31, 1989, as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Asset Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an

incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Carroll as of December 31, 1989, and the results of its operations and the changes in financial position of its nonexpendable trust funds for the year then ended, in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the Town at December 31, 1989, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles.

Selectmen's Report 1989

At the 1989 Town Meeting election, William J. Wright was again elected Selectman, for his 5th term.

One year from the signing of the franchise agreement, almost to the day, cable television has arrived in town. As with most new ventures, problems will develop which must be resolved. Foremost among these was the failure of the cable company to properly inform potential subscribers of the choice of services available. Unfortunately their presentation was limited to the "Basic Service" of 25 channels, without any mention whatsoever of the "Economy Service" of eight channels which was also available under the terms of their franchise. Since the rate for a first set under the "Economy Service" is \$7.95 per month, with the same free installation conditions, people were being deprived of the opportunity to select a program to fit their financial circumstances to best advantage. Whether originally offered or not, the "Economy Service" is available and can still be arranged by calling 1-800-288-9996. Any difficulties should be reported to the Town Office.

The relocation of the water line along Route 115 was accomplished at much less cost to the Town than had originally been estimated. The water line has been removed from the bridge on Route 3 with the final phase deferred until the new bridge is in place, some time this spring or summer.

The Water Study Committee is evaluating various proposals for the preliminary engineering studies necessary to determine how best to utilize the new well at the Recreation Area. A selection should be made shortly and, upon completion of the first phase of these studies, a final determination of the best approach to the overall problem should be possible. In brief, the question is whether to use the well to supplement the water supply at the most reasonable expense or to consider it as the initial step toward the eventual elimination of the use of surface water sometimes in 1992 as ordered by the State.

A long term agreement has been finalized with Sanco, Inc. to accept the Town's solid waste. On a related subject, the Town has been successful in securing release from the State-mandated membership in the Upper Grafton Solid Waste District and is now operating solely on its own.

Revaluation was undoubtedly the year's major project and, in spite of everything, was completed with only a minor delay in the mailing of the tax bills. The actual increase in the total Town assessment, as well as the number of additional tax parcels involved was amazing, even though expected to some degree. The same may be said of the resulting lower tax rate. During the process, the new computer system was installed and initiated. Although not yet fully utilized the benefits and potential improvements were immediately apparent.

The numerous applications to open or reactivate sand and gravel pits appeared to be a never-ending headache. The Zoning Board of Adjustment handled a greater than usual number without difficulty but when the State became involved in the process as a result of new legislation, the situation became very complex and confusing. Fortunately, local regulation prevailed in every case including an attempt by a road contractor and the State's attorney to convince an Appeals Board that the State could now over-ride local zoning.

The year did however end with a severe shock at the most unexpected news of the Satter Company loss of financial support and termination of all their activities in Bretton Woods. The situation is still impossible to understand and very much up in the air. There will undoubtedly be some problems and complications to overcome but there is no reason to feel that the end result will be beyond control.

The Board of Selectmen would like to take this opportunity to express their appreciation to all employees of the Town as well as to all of the Committee and Board Members for all of their hard work this past year. Thanks also goes to all those groups and individuals that donate their time and effort for the good of our community.

The Board would also like to recognize and thank Dot O'Brien for the valuable service that she has provided the Town over the years in her various positions, most recently as Selectmen's Assistant. We wish her good luck in all of her future endeavors.

Respectfully submitted,

Anthony Pepitone, Chairman

Nancy Hubert

CARROLL POLICE DEPARTMENT
ANNUAL REPORT
1989

The year 1989 was a busy one for the department. Officers responded to 1291 calls for service, for an average of 107.5 calls per month. The busiest month was July with 172 calls and the quietest was April with just 55. The department investigated 75 accidents with almost one third involving moose or deer being struck. Officers issued 704 motor vehicle violations and 57 more for off highway recreation vehicles.

The department investigated 126 reported crimes and made 23 arrests. The majority of reported crimes to this department involve theft. The major crime reported in 1989 was for Aggravated Felonious Sexual Assault and involved a five year old child. A six month investigation ended with an indictment and arrest of a male subject for this offense.

The Police Standards and Training Council oversees all police officers in this state in regards to training and other requirements. Each officer is mandated to receive at least 16 hours of in service training per year. As a result, this department dedicated over 130 man hours in 1989 for training.

I would like to advise residents that this department has an interesting and informative VHS video on home security. We also have an electric engraving tool which can be used to mark your valuables with. An example might be using your license or social security number as an I.D. for your valuables. If stolen, this form of I.D. will greatly aid in its recovery. Both these items are available on loan to any resident.

I wish to remind residents that children under the age of twelve are required to either wear seat belts or other child restraints while in a moving vehicle in the State of New Hampshire.

One last reminder to residents, is that if you see or hear anything suspicious do not hesitate to contact this department. We need your help in preventing crime.

It is a pleasure to serve you. Buckle up and please drive safely.

Respectfully submitted,

John R. Gardiner
Chief of Police

Fire Chiefs Report for 1989

To report a fire or medical emergency dial 846-5454. The Fire Department responded to only 10 incidents in 1989.

- 2 Still fire alarms
- 2 Rubble fires
- 2 Structure fires
- 1 Brush & grass fire
- 1 Flooded basement
- 1 Truck accident
- 1 L.P. gas drier fire

The Twin Mountain Rescue Squad responded to ninety (90) calls in 1989 ranging from auto and snowmobile accidents to household accidents.

The new rescue vehicle was in service on July 1, 1989 and has been working very well. We have added an automatic defibrillator to our service and hope lives will be saved with this unit.

We are still in the process of recruiting more persons to be trained to work on the rescue squad. If you are interested please call me. If you wish to be a fire department member please call also.

All homes must have smoke detectors installed and its been proven that they save lives. Keep your smoke detectors in good working order.

Persons burning wood must keep their chimneys clean and equipment in proper order ie. smoke pipe. All new homes and commercial buildings must be inspected for an occupancy permit prior to occupancy. To save time and money make contact with the Fire Department concerning regulations and necessary equipment prior to installation.

Remember, all plumbing and wiring must be done by properly licensed people.

In closing, we wish to thank all for support and participation with items concerning our Fire Department.

1989 LIBRARY REPORT

This past year we have added 116 new books to our Library - some in paperback - to make our funds stretch further.

We feel we made good selections, so everyone of our readers would find some of their favorite types.

We also added to the children's corner - new easy and early readers, with cassettes.

Our thanks to Jim Badger for building us another shelf for our children's corner.

Thanks to everyone who donated books to us. We appreciate it.

Library Hours

October - April

Monday evening 6:30 to 8:30 P.M.

Wednesday and Saturday 1:00 to 4:00 P.M.

April - October

Monday evening 6:30 to 8:30 P.M.

Wednesday and Saturday 1:00 to 5:00 P.M.

The Library will be closed on Legal Holidays.

I want to thank the Selectmen for the new desk chair, which was badly needed.

Recreation Committee Report 1989

Each year the Recreation Committee sponsors a number of events for the children of the Town. Some of these events are: the ski program, ice-skating, sports night, bowling, Easter egg hunt, baseball, swimming lessons, summer trips and Halloween and Christmas Parties.

For the adults, the Recreation Committee sponsors events such as the annual Halloween Costume Dance, Aerobics and Men's Volleyball.

The Recreation Committee would like to thank all who have contributed in various events, time and money. We hope to have more programs in the future, such as a Children's Summer Program and Adult Softball. We are always open to suggestions. For anyone interested: we meet the first Monday of each month at 7:30 PM in the Town Hall cafeteria.

Sincerely,

Tom Gauld

Twin Mountain Airport

The following is an excerpt taken from an article that appeared in the Manchester Union, written by Paul Harvey.

YOUR LOCAL AIRPORT NEEDS HELP! HELP!

Airports in the United States are being closed down on every five days!

Our nation is blanketed with inaccessible "ghost towns" which died when the railroads phased out and the highway went south. Now it's likely to happen to other towns - 73 every year - as they neglect unto death their local airports.

And it's not just smaller communities. The big cities are forcing general aviation farther and farther out into the boonies.

And GENERAL AVIATION represents far and away "most" of our nation's stake in the sky. GENERAL AVIATION is 98 percent of all civil planes.

What's happening to hometown airports is the result of ignorance and greed.

It may be too late to rescue general aviation in the metropolitan areas but the smaller towns of America have a chance - if they respond intelligently and fast - to expand if they can but certainly not further restrict existing airports.

From now on the communities that survive and thrive will be those that keep their "front door" open, at whatever cost and by whatever means.

The Twin Mountain Airport has been in existence since 1960. It was originally built with no funds from the State, Federal or Local government. It was not until 1967 when the airport runway and taxiway was paved that State and Local funds were received. Presently the funds used to maintain the Airport come from the State of New Hampshire. The Budget request made in anticipation of these receipts, thus giving us the approval of the Town to expend these

monies. These expenditures are offset with the receipts, therefore no property tax monies are involved. Monies received in the past have been carried over from year to year in order to have enough to do some major repairs in the runway. Last year we had all the cracks sealed and this year we hope to put on a seal coat and rebuild the runway edges.

The airport averages 11 aircraft being based on a permanent basis. Last year when the New Hampshire Aeronautics placed a counter on the runway, it registered 172 movements in a five day period.

Two yearly events at the Airport is the New Hampshire Aviation Association Fly In. This is a three day event and is enjoyed by many pilots and spectators. Santa Claus arrives the Sunday after Thanksgiving. This year the weather was not in Santa's favor but he was still able to arrive by airplane. Special thanks goes to the Recreation Committee and to "Santa" for their effort in making this a memorable event.

We were able this year to acquire a large plow truck from Government Surplus. It has a dump body and large roll-over plow which enables us to get the plowing done in half the time. Together with the large Snow-Blower that we obtained two years ago, the airport is one of the first in the State to be opened after a snow storm.

If you have any questions regarding the Airport, please give us a visit or a call. We appreciate the Town's support and we will continue to have the Airport serve the needs of the Community.

Twin Mountain Chamber of Commerce
Report 1989

Board of Selectmen
Town of Carroll
Twin Mountain, NH 03595

Dear Selectmen:

The Twin Mountain Chamber of Commerce would like to make a request in the sum of \$5,000, to be placed in the warrant for taxpayer approval. As in the past, this money is used by the Chamber primarily to fund the operation of the town information booth.

The Chamber has also set up a toll-free phone for the Twin Mountain Lodging Bureau that is constantly manned. While we are not looking for funding for this, it will be a drain on our operating funds. We are also anticipating an advertising budget of between \$40,000 and \$50,000 to actively promote the town and the large proportion of residents who derive their incomes from tourism.

We greatly appreciate the town's past and future support of the Chamber's efforts.

Sincerely,

Richard Adams
President

**White Mountain Mental Health &
Developmental Services
Director's Report**

The 1990's will usher in a different type of service delivery system in Mental Health and Developmental Services. This system will be more comprehensive in its ability to care for the most impaired individuals in our communities. The transition of individuals from the institutions (New Hampshire Hospital and Laconia State School) has almost been completed. The institutions have been reduced in size and there are limits on who can now be admitted. The focus of care has been shifted to the community.

We have accommodated this change with an expansion of our housing and community support (case management, respite and supported housing) services. The growth of our Agency has tripled in the last five years. Most of the growth has been in the area of supports for the formerly institutionalized population. The other services we offer have not experienced this kind of growth or change. The demand remains high for these services and the supports have not kept pace. One example is our outpatient Mental Health program. We see more people for more visits in this program than any other. However, we have not received increases in state or federal support which match the demand for service. Forty-two per cent of the people we see do not have insurance and are responsible for their own fee. We approach you to assist us in our efforts to continue to help us to provide these services. Thank you for your past support and for your continuing concern.

The following information will summarize some of our work during the past year.

Mental Health Services - We operate one full-time and three part-time offices. The full-time office is located in Littleton at 16 Maple Street. The part-time offices are located in Woodsville at the Woodsville Clinic, in Lincoln at the Lin-Wood Medical Center, and in Lancaster at Weeks Memorial Hospital.

Last year, we saw over 800 individuals for 4,115 outpatient visits.

- * 400 visits were of an emergency nature
- * 21% of our service involves children
- * 14% of our service involves the elderly
- * 65% of our service involves adults
- * Our Partial Hospitalization Program offered over over 6,000 hours of service

We offer a comprehensive array of services including: 24 hour emergency, drug and alcohol, case management, inpatient, and partial hospitalization.

Developmental Services

Early Intervention - Home-based service for 0 - 3 year old children who are delayed in their development. Services include: screening, assessment, treatment and referral. Last year, we began to provide clinics throughout our region to increase our availability to serve more children.

Day Habilitation Program - Provides instruction to our most severely impaired adult population. The program works in conjunction with their residential programming as well as providing training and instruction in self care skills, pre-vocational skills, paid work, and other therapeutic services such as speech therapy and physical therapy. This program has been primarily used by former Laconia State School residents; however, we have had community clients who have been referred by the local school systems. Last year we served twelve (12) clients in two locations (Littleton and Pike).

Supported Employment - Provides training, instruction, and work adjustment for mentally ill and mentally retarded individuals. Paid work opportunities for the individuals can take place either in the community or in the Workshop itself. We currently operate three active job sites directly in the community. We recently turned over one of our job crews directly to an employer. We have also completed over twenty individual job placements.

We are grateful for your past support of our programs and look forward to continuing to serve you in the future.

Respectfully Submitted,

Dennis C. MacKay
Area Director

NORTH COUNTRY HOME HEALTH AGENCY, INC.
4 MT. EUSTIS ROAD
LITTLETON, NEW HAMPSHIRE 03561
Telephone 444-5317

1989 ANNUAL REPORT

The North Country Home Health Agency, Inc. is a not-for-profit community service agency providing a wide range of home care services to the residents of twenty-one North Country communities. The Agency is beginning its twentieth year of providing quality home care service. The agencies well utilized programs include: intermittent Skilled Nursing care; Homemake/Home Health Aide visits; Physical, Speech and Occupational Therapies; Parent-Aide (child abuse prevention) services; Adult-in Home Day Care; Alzheimer's Disease and Related Disorders Respite care; School Nursing; and clinics and screenings for the community and businesses. 1989 was a busy and exciting year for the Agency. After an extensive search for long-term housing for the Agency we moved to new quarters located at 4 Mt. Eustis Road, Littleton. Through a unique co-operative effort the Agency has been able to secure a long-term lease in the new office building owned by Ammon-oosuc Family Health Services, located on property leased by the Littleton Hospital Association and funded by a loan to AFHS by the Farmer's Home Administration. As a result of this move the Agency is able to provide services more efficiently. The Agency also instituted a Cholesterol screening and education program during 1989. Through generous donations from local Lions and Rotary Clubs the Agency purchased cholesterol screening equipment and trained the professional nursing staff to provide individual education. As a result, the Agency has expanded the community and business health screening programs and will continue to expand these programs in 1990.

The Agency provided a total of 9697 home visits during 1989, conducted 31 clinics and screenings for the community and businesses (including administering 570 influenza immunizations), and provided 30,434 hours of Adult-in-Home Care Services.

In the Town of Carroll, NH 18 individuals received:

134	Skilled Nursing Visits
30	Home Health Aide Visits
54	Homemaker Visits
14	Physical Therapy Visits

The Agency welcomes your comments or suggestions regarding services that are currently being provided or that you would like to see provided in the future.

North Country Council, Inc. Annual Report

The year 1989 marked the North Country Council's seventeenth year of successful operation. As chartered under NH RSA 36:45, the Council provided non-profit local and regional planning assistance to member municipalities. In addition to general planning services, the Council offers its constituents specialty services in cultural resource conservation, economic development, housing, natural resource management, solid waste management and transportation. The four standing Council committees, Economic Development, Housing, Land Use and Transportation, actively direct the Council's policies in these areas.

The Town of Carroll once again participated in the Council's Circuit Rider Planner Program and the Shared Services Building Inspector Program. In addition, NCC staff assisted the Planning Board in developing Site Plan Review Regulations and in reviewing the recently revised Bretton Woods Concept Plan.

Community planning challenges dominated the Council's 1989 agenda. Changing state mandates and furthered residential and commercial growth busied local planning and zoning boards throughout the year. The Council assisted these Boards in preparing for the challenges through regional workshops, technical bulletins and newsletters and as-needed assistance on technical and specific issues. The Council co-sponsored the popular Municipal Law Lecture Series which addressed new case law, grandfathering and the revised excavation statute. The Council also assisted numerous towns in revising zoning ordinances, subdivision regulations and sit plan review regulations, thereby updating these regulations to better meet and manage the new challenges.

The Council's 1989 work program continued to promote community development projects, as well. Managing close to two million dollars in Community Development Block Grant monies, the Council administers programs in ten North County communities. Many are housing development, and municipal water supply projects.

In summary, it is important to understand that the Council is organized to provide these valuable services for the benefit of our local town governments. The Council's continued success in meeting the ever-changing demands of the North Country is dependent upon the active participation of our members. We rely upon and enjoy your involvement as town officials and concerned citizens, and look forward to assisting you in the coming year.

RE: Request for town funding in the amount of \$450. I would like to express my appreciation for your cooperation in working together to help the low-income, elderly, and handicapped residents of your community. By continuing to call us first when someone comes in to you for town welfare aid, it may be possible for us to access State or Federal funds to provide all or part of the assistance needed rather than expanding town welfare dollars.

At the request of your office staff, we will be helping to re-establish a food pantry at the town hall.

Last year CAP fuel assistance helped 23 households, 45 individuals with Fuel Assistance totaling \$10,206.63. One household had Weatherization assistance totaling \$1,409.67. At this time I do not have available the total FEMA monies, Homeless monies, USDA, and Revolving Loan monies, of which part of these helped eligible residents.

I am looking forward to working with you during 1990.

Sincerely,

Harriet E. Forbush, Outreach Coord.

Report of Town Forest Fire Warden
and
State Forest Ranger

During calender year 1989, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were fires kindled without a fire permit from the Forest Fire Warden, children, and debris burning fires that escaped control. All these causes are preventable, but only with your help.

Please help your town and state forest fire officials with forest fire prevention. By New Hampshire State Law (RSA 224:27b), "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material except when the ground is covered with snow, without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done."

Violations of RSA 224:27 and the other burning laws of the state are misdemeanors punishable of fines up to \$1,000 and/or a year in jail, and you are also liable for paying all fire suppression cost.

The State of New Hampshire Division of Forest and Lands assisted many towns in wildland fire suppression during 1989, including several large fires in Alton, Allenstown, Concord, and Chesterfield areas, as well as the 100 acre fire on Mt. Belknap in Gilford.

In order to eliminate false alarms, it is advisable to notify your local fire department whenever you intend to do any outdoor burning.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, Forest Ranger, or Division of Forest and Lands at 271-2217.
